SSTP SERIES TABLE TOP SCALE
visit us : www.deltadigi.in

Feature :

- Incorporates international quality OIML standard loadcells.
- Housed in rugged stainless steel body.
- Advance micro controller based design.
- Standard battery option with in built charging, needs only 6V battery.
- Overload and shock load protection.
- 100% Tare facility.
- Bright LED & 1 inch LCD display option.
- Easy to use membrane keyboard.
- Net/Gross, Zero/Tare function.
- No moving parts, fully electronic, maintenance free.
- Audio-visual overload indication.
- Multiple piece weighing facility.
- Status indicator for different modes.
- Backup time of approx. 48- hours with one 6V/4.5AH Rechargeable Maintenance free battery.

SSTP SERIES			
Model	Capacity	Least Count	PAN Size
DIC-001	1 Kg	0.1 gram	200 mmX250 mm
DIC-002	2 Kg	0.2 gram	200 mmX250 mm
DIC-005	5 Kg	0.5 gram	200 mmX250 mm
